Skills

- Market Research and Analysis:** understanding industry trends and identifying potential client segments.
- Lead Generation:** researching prospects and supporting business development activities.
- Customer Engagement:** interacting with customers and understanding their responses.
- Sales Funnel Awareness:** understanding inquiry, follow-up, and conversion stages.
- Problem Solving:** identifying gaps and suggesting practical improvements.
- Communication Skills:** presenting ideas clearly and working effectively with teams.

Projects

Nykaa First Time User Experience Case Study

- Analyzed first-time user behavior on the Nykaa app using app exploration, user reviews, and qualitative insights to identify key onboarding and discovery challenges.
- Prioritized critical pain points such as product overload, low trust in reviews, and lack of beginner guidance using impact-based analysis.
- Suggested improvements to make product discovery easier and improve overall buying experience. [\[LINK\]](#)

Nykaa Reviews Experience Improvement Case Study

- Mapped the end-to-end product review journey to identify decision friction caused by unstructured and conflicting user feedback.
- Designed an improved reviews system featuring verified purchase badges, skin-type filters, helpful vote signals, and expert indicators.
- Suggested improvements to make reviews more structured and helpful for buyers. [\[LINK\]](#)
